### NOTICE TO ALL PATIENTS

If you have come to our office for a Pap smear, culture, colposcopy or biopsy procedure, please understand that there will be an additional bill from the pathology lab. The above mentioned procedures require the expertise of someone outside our office to read the specimen.

If you have insurance coverage, the pathology lab will be submitted on your behalf to the insurance company. Should you receive a bill from the lab in error, please check the back of the bill/statement in order to forward your insurance information to the lab.

If you are one of our self-pay patients you will receive a separate bill, from an outside lab, for the pathology labs performed at the time of your visit. Please remit payment directly to the lab, not our office. All financial arrangements must be made in advance.

Be sure to have the bill/statement in hand should you need to contact the pathology lab, it will have your account/invoice number for reference. This should eliminate any confusion when you inquire on your account.

Thank you for choosing Complete Healthcare for Women of Wellington.
