New Patient Policies and Procedures

Thank you for choosing Summit Health and Wellness Center for your mental health needs! Our goal is to provide compassionate and attentive behavioral health and wellness treatment to individuals and their families.

On Your First Visit

Please arrive at least 15 minutes prior to your scheduled appointment time. New patient paperwork and all required documents must be provided prior to scheduling your initial appointment.

After Hours

If a NON-EMERGENT matter arises after business hours, please leave a voicemail on the answering machine and you will receive a phone call back during regular business hours. If an EMERGENT/URGENT matter arises after hours, please attend the nearest emergency room, or call 911.

Appointments

Patients are seen by appointment only. Our office hours are Monday through Thursday 8:00 am – 5pm and Friday 8:00 am – 12:00 pm. The office is closed on most major holidays. If you are unable to keep your scheduled appointment, please contact our office at (405) 310- 3735 as soon as possible. Our office requires 24-**hour notice** if an appointment needs to be canceled or rescheduled. If a 24-hour notice is not provided, a charge will be assessed to the patient of up to the full amount of the scheduled visit. Summit Health and Wellness Center will make every attempt to provide a reminder of your scheduled appointment, but this does not exempt the patient of a missed appointment fee. Should the patient have 3 no show appointments, they may be terminated as a patient from our clinic. Likewise, should a patient have frequent cancellations, they may be terminated as a patient from Summit Health and Wellness Center. If the patient is more than 10 minutes late to their scheduled appointment, it will be rescheduled and will be considered a missed appointment.

Closings

In the event we need to close the office early, such as in the event of inclement weather, we will call our patients as far in advance as possible. Should you not be able to attend your scheduled appointment due to weather, it will not be considered a missed appointment. There will be a recorded message on our answering machine and post on social media should we need to close the office for any event. Please follow us on Instagram, Facebook, Twitter, and Yelp!

Prescriptions

Refill requests can be requested by having your pharmacy send a refill request to our office, patient portal, or by calling the office. **Please allow 72 hours for medication refills to be processed**. Please call 3 days prior to your medication running out. If you have missed appointments and/or do not have a follow up scheduled, a refill request may be denied. If we are unable to answer the phone, please leave a detailed voicemail stating the patient's full name, date of birth, and prescription needed.

Payment of Services

Payment is due at the time of service. Our providers are on several insurance panels and as a result we will bill your insurance for services rendered. You are responsible for copays, deductibles, co-insurance, and any service your insurance carrier does not cover. It is the patient's responsibility if a referral, form, or authorization is required to be seen in our office prior to their first visit. There will be a $29 fee assessed for any returned checks.

Medical Records

Requests for any medical records must be made in writing. In addition, a HIPAA form must be completed. We ask that you please allow 2 weeks for processing requests for medical records. A fee may be assessed for records requested and will be communicated to the patient once records are requested.

Forms/Letters

We understand that there are several reasons patients need letters and forms completed by their medical provider. There will be a fee associated with these requests and will be communicated to the patient prior to the form or letter being completed by the provider. Please allow up to 10 business days for all forms/letters to be finalized, depending on the specific requests.

Social Media

The views and opinions that may be expressed on Summit Health and Wellness Center's social media profiles do not necessarily represent our thoughts and opinions and might include the views of others. Any information posted on social media is not to be assumed as medical advice or take the place of care that is being provided by a qualified healthcare provider. Should you submit any content to our social media sites, you understand and acknowledge this information is available to the public and Summit Health and Wellness Center is not responsible for any comments or responses posted. We will not provide any medical advice and/or treatment recommendations on social media and encourage you to contact your healthcare provider.

Patient Portal

A patient portal is a secure online website that allows patients the convenience of having access to some personal health information. You can access the portal through the website. The patient portal will allow access to the patient's appointment reminders, lab results, medication refill requests, notifications from Summit Health & Wellness Center and much more.

Acknowledgment and Receipt

I have reviewed the New Patient Policies and Procedures from Summit Health and Wellness Center and am aware that these policies are subject to change at any time.

Consent for Treatment

I consent to medical and/or therapy treatment services for myself or the patient/client for whom I am the parent or legally authorized representative. I understand that Summit Health & Wellness Center will share patient/client health information according to federal and state law for treatment and operations.

Furthermore, I understand the following information discussed in the appointment is held confidential and will not be shared without written permission except under the following conditions:

- The patient/client threatens suicide.
- The patient/client threatens harm to another person(s), including murder, physical harm, or assault.
- The patient/client reports suspected child abuse, including but not limited to, physical abuse and/or sexual abuse.
- The patient/client reports abuse of the elderly.
- The medical provider is required by court order to provide privileged information.
- Based on clinical judgment, the provider may see fit to consult with another clinical and professional provider regarding your treatment.

State law mandates that mental health professionals must report these situations to the appropriate persons and/or agencies.

Communication between the medical provider and patient/client will otherwise be deemed confidential as stated under the laws of Oklahoma.

By signing below, I understand the above, and agree to these limits of confidentiality.

Credit Card Guarantee for Personal Balance

The credit card guarantee ensures that your account stays up to date and current. You can make co-pays, pay for special services, or pay your bill with your credit card on file, if you choose. No show and/or cancellations not made within **24 hours notice** will be charged to your credit card on file and must be paid before rescheduling. Any balance that exceeds $200 will be charged for the balance in full.

☐ Uninsured/Self Pay Patients

I understand that since I do not have insurance that I am personally responsible for payment. I understand that payment is due prior to the services rendered.

☐ Insurance Assignment

I understand that as a courtesy, Summit Health & Wellness Center will bill my health insurance carriers, but that my bill (remaining balance) is MY responsibility. I understand that Summit Health & Wellness Center will wait up to 90 days for payment from my insurance provider. I understand that any amount owed after insurance has adjudicated a claim for services, which has not been paid by my insurance provider, will be due at the time that remittance has been received from the insurance company and placed on my designated credit card below unless other arrangements have been made and agreed upon in writing. Any insurance payments made on these claims thereafter will be placed on my account as a credit or will be refunded to me if I so choose.

I understand that if my insurance does not cover the cost of mental health treatment, if my deductible is high, or there are other limitations in my coverage, that I will be responsible for my bill at the time of service.

I agree to the above terms and authorize you to charge any payment not paid by the date due.

Acknowledgement of Receipt of Notice of Privacy Practices

I understand that, under the Health Insurance Portability & Accountability Act of 1996 ("HIPAA"), I have certain rights to privacy regarding my protected health information. I understand that this information can and will be used to:

- Conduct, plan, and direct my treatment and follow-up among the multiple healthcare providers who may be involved in that treatment directly and indirectly.
- Obtain payment from third-party payers.
- Conduct normal healthcare operations such as quality assessments and physician certifications.

I have received, read, and understand your Notice of Privacy Practices containing a more complete description of the uses and disclosures of my health information. I understand that this organization has the right to change its Notice of Privacy practices at any time and that I may contact this organization at any time at the address above to obtain a current copy of the Notice of Private Practices.

I understand that I may request in writing that you restrict how my private information is used or disclosed to carry out treatment, payment, or health care operations. I also understand you are not required to agree to my requested restrictions, but if you do agree then you are bound to abide by such restrictions.

Informed Consent for Treatment with Psychoactive Medications

By reading the following conditions and signing my name at the bottom of this document, I acknowledge that I understand all the risks that are associated with psychoactive medications.

• The nature and seriousness of my mental condition for which the medication is recommended, and the reason for using the medication.

• Psychoactive medications have the potential for side effects. These side effects may involve, but are not limited to: the heart, nervous system, muscles, glands, urinary tract, bowels, blood eyes, skin, and allergic responses. Most side effects are minor and reversible; however, some side effects are serious, and may not be reversible such as tardive dyskinesia. I also understand that sudden death has been reported in association with stimulants in children with structural cardiac abnormalities.

• Monitoring serum concentration of some medications (ex: lithium, valproic acid, etc.) may be necessary. For patients prescribed second-generation antipsychotics, baseline and follow up monitoring of serum lipid and glucose concentration is recommended.

• Some medications have dependence and/or abuse potential (ex: stimulants, sedatives, anxiolytics, etc.) and may produce serious withdrawal symptoms upon abrupt discontinuation.

• Antidepressants increased the risk of suicidal thinking and behavior in short-term studies in children and adolescents.

• The improvement associated with psychoactive medications may be permanent or temporary. The medication will not cure the illness but is recommended to help alleviate the symptoms. Without the medication, mental condition may improve spontaneously, continue with little or no change, or worsen.

• The medication recommended and/or dosage used may not be approved by the Food and Drug Administration for the assigned psychiatric diagnoses or for all the age groups. However, data does exist in support of the use for which the medication is recommended.

• Alternatives to treatment with medications are no treatment and/or psychotherapy. I understand the prognosis with and without the recommended medication treatment.

• I have the right to accept or refuse this medication treatment and the right to revoke consent at any time prior to or during treatment. This consent is being granted without threat or coercion expressed or implied. No guarantees or assurances have been made concerning the results of treatment with this medication.

• I have been informed that if I have any questions or concerns about my mental health condition and/or medication I may discuss them with my provider at my next visit.

• I understand that the patient is to take the medication only as prescribed and only for the condition which it is prescribed.

• I understand that it is the responsibility of the parent or guardian of the patient to contact the provider prescribing the medication for questions or concerns regarding the effect, or side effects of the prescribed drug or, in the event of a medical emergency, emergency personnel.

I have read, or the provider has read and explained to me, and I do understand foregoing risks that are associated with psychoactive medications. I have had the opportunity to have my questions answered. I understand the nature, purpose, and expected benefit of the recommended medication, the diagnosis and prognosis of the condition for which the medication is recommended, the alternatives to medication treatment including no treatment, and the significant risks and common side effects for the recommended medication. I do hereby give informed consent to the agreed upon treatment for the medications prescribed by the provider.

Controlled Substances Agreement

Controlled substance medications (narcotics, stimulants, tranquilizers, hormones) are very useful, but have a high potential for tolerance, dependence, and misuse. Therefore, these medications are closely monitored by local, state, and federal governments. As a patient of Summit Health and Wellness Center, I agree to the following **(please initial):**

_____ 1. I am responsible for the controlled substance medications prescribed to me. If my prescriptions are misplaced, stolen, or if "I run out early", I understand this medication will not be replaced regardless of the circumstances.

_____ 2. Refills of controlled substance medications will be made only during regular office hours. Refills will not be made on the same day as requested, nights, holidays, or weekends. I will not excessively call the office seeking a refill if I have already been denied a refill. A 72-hour notice must be made to allow staff and providers sufficient time to research and proceed with the request.

_____ 3. I may be asked to perform a routine urine test and acknowledge my insurance may not pay for this test resulting in me being financially responsible for reimbursement to Summit Health & Wellness Center.

_____4. I understand that if I violate any of the above conditions, my prescriptions for controlled medications may be terminated immediately. If the violation involves obtaining these medications from another individual, or the concomitant use of non-prescription illicit (illegal) drugs, I may also be reported to other physicians, pharmacies, medical facilities, and the appropriate authorities.

_____ 5. I will not increase my controlled substance medication on my own.

_____ 6. I will attend my scheduled appointments regularly. Frequently missed and/or rescheduled appointments may result in the inability to obtain a medication refill.

_____ 7. I understand that I am prescribed medications to assist in reaching treatment goals. I agree I need to adhere to the treatment plan as suggested by my healthcare provider.

_____ 8. I understand that if I violate this controlled substance contract due to non-compliance of medical directions, such as, utilizing other illicit drugs, failure in taking the medication as prescribed, or abuse of controlled medications, I may be subject to dismissal from this facility.

_____ 9. I will not request or accept controlled substance medications from any other provider (including emergency rooms, dentist, etc.) while I am receiving such medication from any provider at Summit Health & Wellness Center.

I have been fully informed regarding psychological dependence (addiction) of controlled substance medications. I know some individuals may develop a tolerance to the medications, necessitating a dose increase to achieve the desired effect, and doing so can result in an increase in the risk of becoming physically dependent on the medication. This may occur if I am on medication for several weeks. Therefore, when I need to stop this medication, I must do so slowly and under medical supervision, or I may experience withdrawal symptoms. By signing below, I understand and accept the above agreement.
