Statement of Acknowledgement

Starting January 2021, Glow will have a medical scribe located on site at each visit.

A scribe's core responsibility is to capture accurate and detailed documentation (handwritten, electronic, or otherwise) of your encounter in a timely manner. Scribes are not permitted to make independent decisions or translations while capturing or entering information into your health record beyond what is directed by the provider.

I understand at any time I can have a private conversation by informing my medical assistant/doctor during my visit.

I (print name) _____ have been made aware there

will be a medical scribe capturing accurate and detailed documentation (handwritten, electronic, or otherwise) at the time of my visit.
