We will bill your insurance company if we participate with that company. You are responsible for any and all charges that your insurance company does not cover. You are responsible for notifying us of any changes to your insurance. Medications dispensed by the Doctor are to be paid at the time of visit. Payments are payable at time of service. Parents are responsible for payments on minor's account. Subscribers will be billed for deductibles and any additional charges as indicated by EOB. I authorize the insurance payments to go directly to physician and for release of necessary medical records to the insurance company. I understand that all tissue removed will be sent for pathologic examination at additional cost.

Managed care participants: Although we will try to assist you as best we can, it is your responsibility to obtain referrals from your primary care physicians for each visit to our office. Even if a return visit is made for you by our office, your referral may have expired. If you are uncertain if one is current, please call our office to check at least 48 hours before your visit

RE: COPAYMENTS

Please be aware that copayments are collected at the time of your visit.
You can pay by cash, check, debit (as long as it's Visa or Mastercard) and credit card.

RE: CELL PHONE USE

As a courtesy to other patients and staff members, please refrain from cell phone use inside the office. If you must use your phone, please step outside. Thank you.

RE: INSURANCE & REFERRALS

-Please be advised that it is YOUR responsibility to know your insurance and whether you require referrals to see specialists. Our office cannot keep track of every patient's referral. If your insurance requires a referral, it is YOUR responsibility to make sure your referral is valid (including # of visits & the expiration date) BEFORE coming in to see the doctor.

-If our office schedules a follow-up appointment for you, please call our office at least 3 days prior to your appointment and we will gladly check the status of your referral.

-In the event that you do not have a referral or it is expired, you have the option of rescheduling your appointment or leave a deposit for the visit, which we hold for 2 weeks. Once you provide us with a properly dated referral, we will return your deposit (minus any copay).

-Again, it is your responsibility to know your insurance and whether or not you need referrals. We will not be held responsible if you come in for a visit without a valid or properly dated referral. If you have any questions regarding what your insurance company requires, please call your insurance company's member services number.
I have read and understand the above office policies.
